

## *Campaign for Kids*

### ***Principal's Fund*** Guidelines and Reimbursement Form

Campaign for Kids is a non-profit charitable organization designed to provide assistance for disadvantaged children and youth in the Kings County area and whose needs fall outside or cannot be met by existing programs and services.

The Principal's Fund is a specified amount allocated each academic year to each elementary and middle level public school in Kings County and to be used at the discretion of the Principal to support students within his/her school throughout that school year who are financially disadvantaged.

**This fund is designed to be used at the discretion of the principal for short-term, child-centered assistance to individual financially-disadvantaged students.**

Examples of appropriate funding might include but are not limited to an individual student's need for:

- Health supports (e.g. medical, dental, visual, auditory),
- Fees for School/Extra-curricular activities (not covered by Kick-Off funds or Physical Activity Grants)
- Special clothing - indoor sneakers, winter jacket, gym clothes
- Emergency lunches/snacks

These items are intended for children in financial need rather than providing the school with equipment.

(This fund is not designed to be used for family financial needs such as lack of heating oil, groceries, rent etc. Please contact us for questions about funding eligibility.)

The school is responsible for initial payment for the financially disadvantaged students' needs. Schools can apply for reimbursement using the attached form.

**\*\*Deadline for submission for the 2018-2019 academic year is May 31, 2019.\*\***

Please direct any questions to [info@campaignforkids.com](mailto:info@campaignforkids.com).

**During this school year (2018/19) the maximum amount eligible per school under the *Principal's Fund* is \$800.**
